### SECTION 1: IS A PIA REQUIRED?

a. Will this Department of Defense (DoD) information system or electronic collection of information (referred to as an "electronic collection" for the purpose of this form) collect, maintain, use, and/or disseminate PII about members of the public, Federal personnel, contractors or foreign nationals employed at U.S. military facilities internationally? Choose one option from the choices below. (Choose (3) for foreign nationals).

(4) No

\* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.

### SECTION 2: PIA SUMMARY INFORMATION

## g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

To track victim-related inquiries (VRI) received by the Sexual Assault Prevention and Response Office (SAPRO) via e-mail, SAPRO.mil, the DoD Safe Helpline, phone, or mail. Once received, inquiries are referred to the appropriate agency POC and/or to the DoD IG for any complaints concerning the Military Criminal Investigative Organization in order to address the issue(s) raised and facilitate a resolution; to track and facilitate Unrestricted and anonymous reports of sexual abuse and harassment in Military Correctional Facilities, in accordance with the Prison Rape Elimination Act (PREA).

SAPRO collects the following, for inquiries, feedback, or support requests, where applicable: inquirer's name, telephone number, email address, home address, relationship to the victim, and victim inquiry number; how the inquiry was received (written, email, telephone), type of inquiry (e.g. Army, Navy, Air Force, legal, command, law enforcement, inspector general, medical, Safe Helpline, report of sexual assault, training, etc.), and category of inquiry (e.g. general complaint, criticism of SAPR Personnel program, general information request, raising a policy issue, report of misconduct, request for Service referral, report of retaliation, praise of SAPR personnel or program); victim's name, Service affiliation, status/position, and installation; date of incident, year assault was reported, if command and/or a Military Criminal Investigation Office was involved, and case synopsis; name and title of office or official about which the inquirer is commenting; documents that inquirer submits to SAPRO; permission for SAPRO to follow up on the inquiry; agency to which the inquiry was referred, agency action officer name, documents sent to or received from relevant agency in support of the inquiry, suspense date, and case synopsis sent to the agency; dates that final status was sent to requester and date the inquiry was closed; comments and dates tracking communication between SAPRO, agencies, and inquirer. This information may be provided by utilizing the DD Form 2985.

SAPRO collects the following for PREA notifications (information as provided): type of notification (e.g., anonymous report via SAPRO, Unrestricted report via SARC, Unrestricted report via SAPRO, etc.); date and time of notification; location and date/time of the incident; victim's full name (for unrestricted reports); caller's contact information (as applicable); caller's relationship to the victim (self or third party); permission from prisoner for SAPRO to forward the notification for investigation; SARC location and phone number (unrestricted reports only) and details provided by the caller about the nature of the incident (not including PII for all anonymous reports).

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

If improperly disclosed or breached, there is a risk that the PII in VRI could identify individuals as a victim of a sexual assault involving a member of the Armed Forces.

In order to safeguard individual privacy, SAPRO ensures data is collected and maintained in a manner consistent with DoD policy and regulations related to privacy, as well as the reporting of sexual assaults involving a member of the Armed Forces. Additionally, records are maintained in a controlled facility that employs physical safeguards including the use of combination locks and identification badges. Access to electronic data files in the system is role-based, restricted to personnel with a need to know, and requires a Common Access Card (CAC) and password. Electronic data is also protected via encryption. The database cannot be accessed from the outside as it does not reside on a server and all records are accessible only to authorized persons with a need to know who are properly screened, cleared, and trained.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.
